FOR IMMEDIATE RELEASE

RIGHTTIME MEDICAL CARE GIVEN TOP HONOR Regional urgent care company receives Howard Magazine award

COLUMBIA, MD – (December 9, 2011) – Righttime Medical Care has received the Best Urgent Care award by readers of Howard Magazine in the monthly publication's Best of Howard 2011 Awards.

Righttime's Care Center in Columbia opened in 2006 in the Howard County Health Park at 6334 Cedar Lane. The providers and staff, including Managers Terri Sinnott, Nadia Adams and Agnello Anthony, have quickly earned a reputation for unsurpassed compassionate and convenient health care.

The award was presented at a December 7 ceremony, hosted by The Baltimore Sun Media Group, the parent company of Howard Magazine.

Righttime Medical Care delivers award-winning health care in nine locations across three counties in Maryland. Founder and CEO Robert G. Graw, Jr., M.D. said, "Righttime's Care Center employees are a select group of highly qualified, motivated, enthusiastic individuals and we are incredibly proud of the team at our Columbia location who have worked hard to receive Howard Magazine's prestigious award. We are tremendously appreciative of the readers who voted us number one and we will continue our commitment to the highest level of care."

A trusted name in urgent medical care for more than twenty years, Righttime Medical Care provides medical care to children and adults for illnesses and injuries daily from 9am until midnight, 365 days a year. Righttime's board-certified, award-winning physicians, physicians assistants and nurse practitioners treat patients of all ages with warmth and compassion. Most insurance plans are accepted, and insurance carriers have welcomed the service as a cost-efficient alternative to the emergency room or when a patient's primary care physician is unavailable.

Righttime added adult care in 1998 and has expanded its hours to accommodate increased demand. The company name changed to Righttime Medical Care to more accurately reflect the scope of services offered during day, evening, weekend and holiday hours. While walk-in patients are always welcome, Righttime accepts same-day appointments beginning at 7:30am every day through its Call Center at 888-808-6483 or online at myRighttime.com. Care Centers are located in Annapolis, Arundel Mills, Columbia, Crofton, Gaithersburg, Gambrills, Pasadena and Rockville, with ninth location opening in Olney in January 2012 . Future Righttime Care Centers are planned in other Maryland communities and in Virginia.
